

HOT SPRINGS HIT BY FLOOD AND FIRE MONDAY EVENING

Heavy Damage Done and City Complete- ly Isolated

(By The Associated Press)
LITTLE ROCK, Ark., May 15.—Reports were circulated here shortly after midnight that a total of seventeen lives were lost last night at Hot Springs by flood and fire following a deluge of rain and a heavy wind storm which broke upon the city shortly after six o'clock.

The reports of the loss of life came thru railway men in communication with repair crews seeking to open a line of communication into Hot Springs, and from a Hot Springs resident named here, between Little Rock and Hot Springs, endeavoring to reach his home.

Hot Springs lies at the foot of two mountains in such a way its principal streets form a natural stream bed for any torrent originating on either slope. Heavy rains always result in water entering lower floors of dwellings and stores in the central part of the city.

LITTLE ROCK, Ark., May 14.—Flood and fire receded upon Hot Springs tonight with undetermined loss of life and heavy property damage, according to a brief report over a commercial wire which was received here late tonight. Communication was broken after being maintained but a moment and the stricken again became completely isolated.

The flood followed a cloudburst and the waters rushed down from the hills in torrents according to the meagre report, which added that fire broke out in the business district and wiped out nearly a block.

A number of small residences were wrecked, streets were flooded and blocked by fallen trees, street car service was suspended in this city as a result of continuous rains which culminated tonight in a wind storm accompanied by a heavy downpour. No casualties were reported.

One house was badly damaged by lightning. The country club house was severely damaged, windows being smashed and its garage being unroofed.

Will Send Aid
St. Louis, Mo., May 14.—William M. Baxter, Jr., manager of the Southwestern Division of the American Red Cross announced late tonight that he had received a telegram from Hot Springs, Ark., stating that city had been hit by a terrible flood and fire. The telegram described the damage as "beyond description," he said.

The message was signed "Red Cross Nurse" and was filed from Hot Springs at 11 p. m., according to Baxter, who added that he intended to dispatch a relief expedition to the Arkansas city, if the situation was found to warrant it.

Water was four feet deep at the railroad station in Hot Springs early in the evening according to information received at the local office of the Missouri Pacific railroad. It was stated that shortly after this report was received, all communication with the city failed.

Manager Baxter later announced that he had notified Henry M. Baker, director of disaster relief for the division to proceed to Hot Springs immediately. Baxter declared Baker would have at his disposal all available means of reaching the stricken city including an airplane if necessary.

The message received by Baxter added:

"Must have help immediately."

Will go to Decatur
Dr. T. O. Hardesty and Dr. H. C. Woltman are among local physicians who will attend the state medical meeting in Decatur today. Dr. Woltman will attend the meeting of the surgical section and Dr. Hardesty the eye, ear, nose and throat section.

GOVERNOR SMALL TO APPEAR BEFORE COMMITTEE TODAY

Will be Last Witness in
Herrin Riot
Probe

(By The Associated Press)
SPRINGFIELD, Ill., May 14.—The Herrin riots investigation committee of the house of representatives, which two months ago began a probe of the killings in Williamson county last June will wind up its hearings tomorrow with Governor Len Small as the final witness.

Chairman Frank McCarthy, Republican, Joliet, announced today the governor would be asked a few questions in reference to the troop controversy.

When the committee writes its report, it will be based principally on testimony secured outside of the riot zone, Chairman McCarthy said today. He charged Herrin residents, who were called before the committee, with having withheld information.

"We didn't get a nickel's worth of help from them," said Chairman McCarthy. The dispute between Adjutant General Carlos E. Black and Colonel Samuel T. Hunter over the question of whether to send troops to put down the riot—a controversy which has absorbed most of the committee's time—may finally hinge on a slip of paper called a telephone ticket.

T. F. Kelly, manager of the local telephone office, today brought to the committee the records of telephone calls between Black and Hunter on June 21 and 22. Hunter has stated he called Black several times on June 21, just prior to the riots but today Mr. Kelly could produce only one telephone ticket showing a call by Hunter to Black. This ticket was for a call at about 11 o'clock on the night of June 21. Black has testified that Hunter had advised on this call that all was quiet and troops would not be needed. Hunter has denied this call.

Mr. Kelly was unable to explain why his office records showed only this one call by Hunter and not the others said to have been completed on that date. He was requested to return tomorrow with all the records bearing on these telephone calls.

CIVIL CEREMONY FOR VOROVSKY

(By The Associated Press)
LAUSANNE, May 14.—The civil ceremony today over the body of Vorovsky, the assassinated Soviet delegate, symbolized in detail Red Russia and afforded a striking manifestation of Russo-Turkish friendship, for Ismet Pasha and the members of the delegation were the only persons having relation to the near east conference that attended the service in the little chapel of the cemetery. The red mahogany casket was covered with crimson cloth, heaped with red flowers and decorated with red banners. It was transported thru crowded streets to a special car, which will leave tomorrow for Moscow.

There was no religious service, but soviet representatives discoursed on Bolshevism. Their leader, M. Ostunoff, secretary of the soviet embassy in Berlin, said history had shown that such acts of vengeance always reacted against their perpetrators.

M. Schaefer, representative of the Russian red cross in Rome, predicted triumph for international communism.

M. Welts minister of the Swiss communist, said the Swiss communists knew their lives were endangered but were ready for any sacrifice.

ATTORNEY IS JAILED FOR CONTEMPT

(By The Associated Press)
CHICAGO, May 14.—Lewis F. Jacobson, attorney for Jacob Goldman, receiver in numerous pending cases today was sentenced to jail for five days and fined \$100 by Circuit Judge Scanlon on a contempt charge. The attorney had written a letter objecting to the court "prying into our books" and also had refused to return \$929.12 paid him by Goldman which the court ordered turned over to the receiver.

The court is making a thorough investigation of receivership cases and the connection there with certain lawyers.

Judge Scanlon later removed Goldman from cases where he was appointed receiver, involving nearly \$300,000 and appointed a trust company.

SON OF FORMER FRANKLIN
RESIDENT IS DEAD
C. H. Story is in receipt of a letter from Clara E. Rees, of Santa Ana, California, formerly a well-known resident of the Franklin neighborhood, stating that their seven year old son was recently struck by an auto at Santa Ana, and instantly killed. The news comes as a shock to Mr. and Mrs. Story as they made an extended visit with the Rees family while in California during the winter and the children of the two families became great friends.

DETROIT UNIFIED RAILWAY IS MONEY MAKING CONCERN

Municipally Owned System Shows Net Profit of \$1,000,000

(By The Associated Press)
DETROIT, May 14.—Detroit's unified street railway, one year old at midnight, is a lusty youngster.

During the first 12 months of its existence it has paid \$1,200,000 on its purchase price, paid all other running expenses, set aside \$4,000,000 in a sinking fund and after all this shows a million dollars profit.

The profit has been used in improvement and extensions of the system, which ranks as the largest municipally-owned street railway in the world.

The figures are contained in the first annual report for the organization, made today by Mayor Frank Doremus. Due to the fact that the books for the first local year have not yet been balanced, the figures are approximate, but they are said by city officials to be substantially correct in every detail.

Following are some of the achievement of the railway during the first year of its existence:

Increased trackage of system to 327 miles.

Increased total number of street cars to 1,600.

Car maintaining daily schedule 1,425.

Gross income \$19,000,000.

Net income \$1,000,000.

Total number of passengers carried 475,000,000.

Set aside from income to meet interest and sinking fund charges \$4,000,000.

Paid in taxes \$500,000.

Paid on contract to Detroit United railways, \$1200,000.

Number of employees, 6,000.

Of the passengers carried 350,000,000 riding five cent fares. The remainder were transfer passengers, each of whom paid one cent for the privilege of transferring to another line.

In addition to other achievements the railway pays the highest wages to employees, with two exceptions, of any other similar organization in the country. The rate for platform men here is 62½ cents an hour for the first eight hours and 75 cents an hour for overtime for eight hours for men who have been in the service one year. Those who have been in the service less than a year are paid a slightly smaller rate. Other classes of employees receive pay commensurate with those engaged in industrial fields.

Detroit is one of the few cities in the country with a population of more than 25,000 where the five-cent fare prevails.

The city has had an embryonic municipal street railway system for several years, until a year ago the city having operated over about 63 miles of trackage in opposition to the D. U. R. May 15, 1922, the D. U. R. property was taken over and merged with that of the municipal interests in a unified system.

TWO AMERICANS KILLED IN AIR WRECK

(By The Associated Press)
CONY, France, May 14.—Six persons, including two Americans, were killed in the wreck of a passenger airplane on the Paris-London route this afternoon at the village of Monsureux.

One of the Americans was Laurence Von Post Schwab, of New York, and the other a boy named Miss Juanita Bates, New York.

There appears to be no doubt about the identity of Mr. Schwab, but there is some uncertainty respecting the woman, the only means of identification being papers found in the charred debris which were partly decipherable.

Mr. Schwab was a member of the firm of Oelrichs and company, wool dealers, of New York. He had just completed a business trip to Europe and was flying to London with the intention of sailing from Liverpool Saturday on the Mauretania.

SHIPPED TO INDIANAPOLIS

N. M. Goff of New Berlin was recently in the Indianapolis market with a car of hogs consigned to the Producers Commission association. The car load sold at the price of \$8.05 which is excellent in view of present market conditions.

The Producers Commission association has served 35,000 patron during its first year of business and handled 224 car loads of livestock last week.

VISITORS FROM BUSHNELL

Dr. and Mrs. I. C. Rink of Bushnell, and Mrs. G. K. Slough and son Russell Slough, of Abingdon, motored to Jacksonville Monday. They made a brief visit to the State School for the Deaf and expected to attend the May day picnic at Illinois Woman's college. Miss Josephine Rink, who is a daughter of Dr. and Mrs. Rink, will graduate from the college in June.

Fred Stone Goes Over Big As An Evangelist

(By The Associated Press)
NEW YORK, May 14.—Fred Stone, noted comedian, turned evangelist on Broadway last night and the old street had a new topic for conversation today.

A roar of applause greeted him as he finished one of the eccentric dances that have made him famous, and 6,000 persons who packed the Metropolitan opera house at the national vaudeville artists' benefit performance, waited for him to swing into another buck and wing.

Instead Stone held up his hand for quiet.

"I've got something to tell you people," he said.

The audience hushed, for it was remembered that Stone some weeks ago, had professed religion after he had been snowed out for several days on a train in the west.

"Recently I made a statement," continued the comedian, "that has been taken up by the public more than I thought it would be. That was my decision to cease being a passive sort of Christian and become an active worker for God."

"I want to make that statement over again. I want to tell you people that a time comes in every man's life when he wants to come out and take a step like this. When you have done this you can feel secure, at peace with the world, and face the future with confidence."

"I have been criticized for not abandoning my profession after I came out for the Lord Jesus Christ. I want to say that my profession is as good as any in the world, and why should I abandon it any more than any other professional man should abandon his when he becomes a Christian."

"God need not be worshipped within the four walls of a church. We may carry the thought of God with us in everything that we do."

The comedian finished his speech, evidently made on the spur of the moment, by asking his listeners to "hit the trail."

A thunder of applause followed him from the stage, a far greater ovation than the one given his eccentric dance.

MUNICIPAL STREET RAILWAY HAS LOST MONEY IN SEATTLE

City Council Passes Ordinance Raising Fares to 10 Cents

(By The Associated Press)
SEATTLE, Wash., May 14.—The city council today passed an ordinance bearing an emergency clause, raising fares on the municipal street railway system from five cents to ten cents cash or three metal tokens for 25 cents.

The five cent fare was established March 1 in the hope that the additional patronage under the lower fare would increase earnings of the lines.

The emergency clause makes the ordinance effective immediately upon signature by the mayor. Mayor Edwin J. Brown, however, has indicated that he will not sign the measure and in that case, councilmen pointed out, it would require 45 days to enact the ordinance over his veto.

The vote today was 7 to 2 which would enable passage over the mayor's veto should the alignment be held.

A proposal to inaugurate the weekly pass system lost by a vote of six to three.

A recent survey of earnings of the system under the five cent fare showed a deficit of nearly \$5,000 daily. Negotiations are under way for an extension of the life of the bonds by which the system was purchased from the Stone and Webster interests in 1919.

FORMER OIL MAGNATE DECLARED INCOMPETENT

(By The Associated Press)
NEW YORK, May 14.—Charles M. Pratt, 65, for years secretary and treasurer of the Standard Oil company of New York, has been declared legally incompetent. It was learned tonight after members of his family and physicians had testified before a sheriff's jury in Brooklyn. An examining committee to inquire into Mr. Pratt's mental condition was convened secretly by supreme Court Justice Callaghan, the first hearing taking place last Friday.

Mr. Pratt has been secluded in his home in Brooklyn for the last six months owing to his mental infirmity, his brother, John T. Pratt, said.

For years Mr. Pratt was one of the "big five" of the Standard Oil company, which included John D. Rockefeller, Sr., William Rockefeller, Henry H. Rogers and Henry M. Flagler. Mr. Pratt was formerly president of Pratt Institute, founded by his father, Charles Pratt. Until 1921 he was trustee of both Amherst and Vassar colleges.

SCOUTS ENTERTAIN FOR H. S. SENIORS

The annual Troop Feed of the members of Troop Two, Boy Scouts, was held last evening at Peace Inn. There was a large attendance of members and guests. Guests of honor were Clarence Boruff, Henry Irving, Allan Kelly, George Wetzel and Edward Young, all members of the graduating class of 1923 in the local high school.

Speakers on the program were Mayor E. E. Cribb, Fred High Dr. W. P. Duncan, and George Wetzel. J. S. Hackett presided as chairman of the meeting. Supper was served to the Scouts and their guests at 6:15 o'clock.

ATTENDED MAY BREAKFAST

Among Alexander women who attended the May breakfast of the Jacksonville Woman's club Saturday were Mrs. W. Robinson, Mrs. William Becker, Mrs. J. A. Zoller, Mrs. W. H. Hinrichsen and daughter, Miss Anna.

HARDING BEGINS GIVING THOUGHT TO HIS SPEECHES

Address at St. Louis Will Preface Those That Follow

(By The Associated Press)
WASHINGTON, May 14.—Having virtually decided on the itinerary of his western trip, President Harding has begun to give considerable thought to the addresses he will make enroute to the Pacific and in the coast states.

The itinerary as now arranged provides for speeches in about twelve cities the first in St. Louis and the last probably in San Diego, Cal.

Although Mr. Harding has indicated he regards these addresses as somewhat secondary to the real purpose of the trip—his visit to Alaska—he nevertheless proposes to prepare them with care. Thruout he intends to report to the American people on the stewardship with which he was entrusted two years ago and also to outline the future policies of his administration.

As the first step toward preparation he has begun to select the topics he desires to discuss and to assign them to the various cities chosen for principal addresses.

The initial address in St. Louis is understood, will be of a general nature, somewhat of a preface to the others to come, but devoted to the main to present to the president's views on the proposal for American membership in the permanent court of international justice.

Passing on to Kansas City, the president, according to some of his advisors will speak upon the transportation problem. In this address it is considered likely President Harding will outline at least in a preliminary way the resolutions with respect to railroad legislation, which he will make to congress next December. He will also discuss a phase of the question which was discussed by him today with Representative Newton of Missouri, a Republican member of the house rivers and harbors committee.

The next address at Hutchinson, Kan., will from present indications, be devoted to the general agricultural question, the president outlining what his administration has done for farmers with particular mention of the Fordney-McCumber tariff and credit legislation.

In speeches to be made at Denver, Salt Lake City, Boise, Idaho, and Helena, Mont., likewise will be upon subjects of particular interest to these communities. As for Seattle some of those who have talked recently with the president understood he desires to speak at that city on his new policy for Alaska as based on observation made during the more than two weeks he will spend there.

One of the addresses contemplated by the executive will deal with the results of the arms conference and he is said to feel that the logical place for such a speech would be a Pacific coast city, the western coast being particularly interested in the four power treaty as well as many of the other conventions which have resulted from the conference.

ROBBERS GRAB BIG MINE PAYROLL

(By The Associated Press)
MARION, Ill., May 14.—Registered mail containing between \$15,000 and \$20,000 in currency which was being consigned to a bank at Pittsburgh, Ill., seven and one-half miles from here, to pay coal miners wages tomorrow, was stolen by two men who overpowered the conductor of a train on which the mail was being carried, on the outskirts of Marion this evening.

The men jumped from the train after slashing open the registered mail pouches and boxes of citizens which were formed surrounded a nearby wood in which they are believed to be hiding. A man was arrested on suspicion of being an accomplice to the robbery.

J. J. Deering, conductor of the train which was a combination express and mail train, said the men covered him with pistols as he entered the mail car, seized and bound him. He later was released and said he did not know how or where the men boarded the train.

PLAYGROUND EQUIPMENT
A banquet is to be served tonight by the Franklin Parent-Teacher association at Marquette hall in Franklin. The banquet is to be followed by an interesting and varied program and those who attend will be well entertained.

The proceeds of the banquet will be the nucleus of a fund for purchase of playground equipment for Franklin school. About 150 plates have been sold for tonight, the sale of tickets having been in charge of B. E. Asplund, principal of the Franklin school.

DR. BROKAW TO READ PAPER IN DECATUR

Dr. R. V. Brokaw, county health officer, is among those who will attend the sessions of the Illinois State Medical society in Decatur this week. Dr. Brokaw will read a paper on "The Control of Diphtheria" before the public health and hygiene section of the convention Wednesday morning.

The sessions are to be held in the Hotel Orlando and will be attended by physicians and surgeons from all parts of the state.

BODIES OF FOUR WHO LEAPED INTO RIVER RECOVERED

Search is Being Continued
for Two More Believed
Drowned

(By The Associated Press)
MOLINE, Ill., May 14.—The bodies of four persons who leaped into the Mississippi river from a trestle at Campbells Island last night to avoid being struck by a street car had been recovered late today and search was being continued for two others believed to have been drowned.

Two men and a woman have been identified.

The known dead:

Mrs. Ethel Ambers, 20, a Moline waitress.

Roy Lundy, 19, a Moline bell boy.

Milton G. Carlson, 19, Moline elevator operator.

All the bodies were recovered by fishermen dragging the river.

The two others believed to have been in the party are Charles Lanigan, a Rock Island salesman, and Miss Elsie Geelzie, a Davenport salesgirl who are known to have left Davenport last night for the island resort from which the party was returning when they leaped from the trestle to avoid being struck by the street car which was out of control.

Neither had reported at work today and neither had been home last night, but Lanigan's car was found parked along the river bank near the trestle this afternoon.

The body of the unidentified woman is believed to be that of Miss Geelzie for of Mrs. Merle Newton, wife of an elevator operator at the LeClair Hotel, who may have been in the party, according to her husband, who said Carlson was a friend of the family and that she may have accompanied him on the trip.

TORNADO SWEEPS COLORADO TEXAS SEVENTEEN DEAD

Over One Hundred are Injured in Early Morning Storm

(By The Associated Press)
COLORADO, Texas, May 14.—Seventeen known dead, about 100 injured, seven seriously, and at least 300 homeless comprises the latest tabulation made tonight as a result of the tornado which cut a swath thru Mitchell county, in West Texas early today. The tornado came from the south going northeast.

The twister struck this county at 4 o'clock this morning, finding most everybody in bed.

The injured are being cared for in the hospital here, churches and private homes.

A special train from Big Springs brought doctors, nurses and medical supplies. Others came from Snyder, Texas, and Sweetwater, Texas.

The tornado descended between 4 and 5 o'clock this morning. It leveled buildings for a distance of thirty miles thru Mitchell county. Starting south of Westbrook, it continued thru the county across Seven Miles community and passed just west of Loraine.

All the deaths were in more or less isolated places on farms.

Citizens of towns near the storm swept area rushed first aid provisions and relief supplies for the victims. The Colorado Chamber of Commerce started a relief fund to care for the destitute.

The devastated district is thickly populated for rural territory. At least fifty houses were reported destroyed. Damage to crops could not be estimated.

Heavy rain and hail made the roads soft and relief workers had trouble visiting the demolished farm houses.

This city has a population of 2,000 and is doing its utmost to care for the injured and the dead. At one time it was known as Colorado City, but now is on the map as Loraine.

The country hit by the storm is mostly prairie land and dotted with farms.

TWELVE YEAR OLD GIRL WHISKEY RUNNER

IRONWOOD, Mich., May 14.—How a 12 year old girl has for a long time been acting as an alleged liquor runner from Hurley, Wis., over the state line into Michigan was revealed today when officers took custody of the young daughter of Joe Casanova.

Harley as she was delivering a gallon of alleged moonshine in Ironwood. The child had been making so many trips that officers began to investigate and the arrest resulted.

With the girl's assistance Casanova has been doing a thriving business officers say.

HAD NARROW ESCAPE

Dr. and Mrs. Fred P. Cowdin and daughter had a narrow escape from serious injury late Sunday evening, when their car was hurled into a ditch by another car about five miles from Springfield. The occupants of the Cowdin car were slightly cut by flying glass but were otherwise uninjured. They were unable to learn the identity of the driver of the other car.

NOTHING NEW IS DEVELOPED IN MOUNT PROBE

Sidetrack Mount Case for That of Louis Aberne

(By The Associated Press)
CHICAGO, May 14.—While the grand jury, investigating the disappearance 20 months ago of Leighton Mount, Northwestern university student, spent only a short time today in questioning witnesses and no important information was divulged, Robert E. Crowe, state's attorney, said tonight the mystery will be solved.

Roscoe Conkling Fitch, a sophomore, and a former roommate of Mount's who broke down under questioning Saturday after saying that he "knew all about the Mount case" and then retracting the statement, will be questioned further, Mr. Crowe said, adding that he believed Fitch knows more facts than he has divulged.

The youth is being held in custody.

The Mount case was temporarily sidetracked in the state's attorney office today to concentrate on the investigation of the death of Louis Aberne, another freshman in an automobile accident following a class scrap about three weeks ago and a week before a skeleton identified as that of Mount was found under an Evanston pier.

Fitch made a detailed statement today about the death of Aberne, who was killed when an automobile loaded with freshmen struck another car. Fitch said he was a member of a student group in another car. As a result of his statement Mr. Crowe said the grand jury might be asked to indict the boys in the two cars for manslaughter. The state's attorney telegraphed Veril Fitch, prosecuting attorney at Ludington, Michigan, father of young Fitch, asking him to come to Chicago to assist in questioning his son, who, the prosecutor declared, has not told all he knows.

The boy gave the state's attorney a new lead today when he declared that campus gossip was that Mount was involved with Miss Doris Fuchs and that he had been waylaid by a brother of the girl after the class rush. Fitch said he did not believe the story but a subpoena was issued recalling Miss Fuchs.

Mr. Crowe also ordered an investigation of Fitch's finances after G. H. E. Sutherland, publisher of the Ludington, Michigan, News, and a friend of the Fitch family told him that the boy last year sent a check for \$1,000 to his mother to assist in buying a house. The boy's father said the check was for \$500 and came from money saved several years ago.

Mr. Crowe was advised today that District Attorney Banton of New York, has located Miss Katherine Hotchkiss, a friend of J. Alton Mills of Akron, Ohio, a former student at Northwestern.

Wired List of Questions
Mr. Crowe tonight wired a list of questions to be asked her in an effort to explain letters sent her by Mills after the class rush in which he is reported to have referred to his "terrible experience" and expressed a desire to "get even" with those who "led him in it."

The story of the Aberne death as given out by Mr. Crowe revealed that all the principals had entered into an agreement to conceal their connection with the episode which led to the accident.

Handcuffs were borrowed from the Evanston police department and automobile loads of sophomores dispatched to kidnap the victims. Two or three had been seized and taken away, according to Fitch's story, when three machines loaded with freshmen started after a small touring car carrying Fitch and six other sophomores.

One of the pursuing cars, carrying a dozen freshmen, with Aberne and another first year student named Ralph Williams on the running boards hit the sophomore machine and then careened into an incoming car. Aberne was thrown twenty feet and instantly killed Fitch said, while Williams' skull was fractured and one leg broken in several places. He is in a hospital here and is in a serious condition now.

Fitch declared Saturday night that the freshman car was deliberately driven into the sophomore machine, but today he changed his statement. Mr. Crowe said however, that he believed there was sufficient evidence to indict the boys in both machines for involuntary manslaughter, as Fitch declared they had been driving for two hours at speeds of forty to fifty miles an hour.

President Scott was given evasive when he appeared in chapel today. "I want to thank you," Dr. Scott told the students. "It does seem at times that a fellow needs a friends."

Now and then a picture is produced that stands out above the others, just as the Woolworth building stands out above all the buildings that surround it. It is such pictures as these that prove beyond any doubt that picture-making is an art. Such a one is "Peg O' My Heart"—a picture that stands out above all others. With a worth-while theme as its foundation, masterfully directed and artistically acted, with its settings and general atmosphere realistic.

not entirely acceptable to white standards of civilization. "Yet" he remarks dryly, "it is doubtful whether any of them are any more objectionable to right-minded persons than some of our so-called 'civilized' dances."

Certainly judging by the examples shown at St. Mark's, the Indians may be more safely left to the enjoyment of the native dances, which are religious or integrative in their origin, than many of the young white people of today may be left to their suggestive syncretisms in the ball-room.

THE LITTLEST AIRPLANE

It develops that the "air flivver" in which George Barbot, the French aviator, crossed the English channel costs \$350 and gives nearly 25 miles to the gallon. He used only a little more than two gallons of gasoline to fly across the channel and back. The engine is 15 horse power. The whole plane weighs 400 pounds.

The machine is of the "glider" type. That is to say it is made very light, with the greatest possible sailing efficiency. Thus little power is required to propel it, and the engine is used only when necessary. In one of the Channel crossings, Barbot glided almost all the way over, after using the engine to attain the necessary height.

Such details probably appeal more to the average person than information about the big, powerful passenger or battle planes. They prove that at last a type of airplane is being evolved which corresponds to the great American "flivver," and is within the means of almost anyone.

NOTED COMEDIAN DOES EVANGELIST WORK

Some months ago Fred Stone, the noted comedian made an announcement while on a western tour that he had embraced Christianity and would henceforth be active in religious work.

Sunday night Stone took part in the National Vaudeville Artists Benefit given in the Metropolitan opera house in New York City. Six thousand people were in attendance. At the conclusion of one of his eccentric dances Stone reiterated his former statement.

In doing this the comedian delivered one of the most impressive little sermons ever given. Among other things he said:

"God need not be worshipped within the four walls of a church. We may carry the thought of God with us in everything that we do."

This is a great truth and indicates that Stone has found the keynote of true religion, the practice of the Golden Rule. He also evidently intends to be an active and not a passive Christian in the future.

The talk made by Stone Sunday night will no doubt be productive of great good. If he follows it up he may develop into an evangelist of great power.

INTERESTING GOLF MATCH HERE SUNDAY
Sunday, afternoon at Nichols park, George Knight, professional of the Illinois Country Club of Springfield, and A. M. Masters of this city, were defeated in golf, by Jack Keywood and Marcy Osborne, by five holes up, the affair being a best ball match and the best score, which was seventy-five, was made by Jack Keywood.

Mr. Knight was invited over to try the course, preparatory to the match with Chick Evans on June 3. The local players will play a return match on the Illinois links at Springfield next Sunday afternoon.

The ladies' tournament committee, composed of Miss Ruth Brown, chairman; Mrs. Tom Scott, Mrs. Paul Samuel, Mrs. Pearl Laborance and Miss Grace Rapp, have arranged a tournament for the ladies, in which average weekly scores will be kept and teams formed according to the scores, the teams changing as the scores change. Later this season they expect to invite some outside ladies here for play.

LITTLE EVA.

(NEA)
Cordelia Howard, the original Little Eva who played in the first stage performance of "Uncle Tom's Cabin," is discovered still living, in Cambridge, Mass.

She was hand-billed by a wise to her probably "seems, but yesterday," since, as a charming little girl of four, she tripped before the footlights and trolicked with the original Uncle Tom.

The was hand-billed by a wise old-time trouper as "The Youthful Wonder—Little Cordelia Howard—generally called the Child of Nature."

Her part as Eva, was made the star because the man who dramatized Harriet Beecher Stowe's famous book was her father, who conducted a dime museum in Troy, N. Y. The first performance of "Uncle Tom's Cabin" was in that city Sept. 27, 1852.

Troy at that time had only 30,000 people, but "Uncle Tom's Cabin" ran for 100 nights straight. No other play ever written could duplicate that record in a town of the same size.

From Troy she was jumped to New York City, where it ran 325 performances before going on the road.

Seventy-one years have passed, but at least a dozen "Tom shows" still are traveling about the country and doing good business—sometimes "hanging 'em on the chandeliers." Twelve, mind you, not counting wagon shows.

What play written and produced within the last 10 years will have one company playing it, let alone 12, when 71 years have passed?

Although crudely written in spots, "Uncle Tom's Cabin" stands out as the most powerful play ever written in America. It was propaganda that fed the flames that precipitated the Civil War. It stirred and aroused the passions of more millions of people than any other three things ever penned by Americans. Its power was in its book form. Literary tastes and sense of humor have changed since then and the book has been eclipsed by the dramatized version.

As a literary curiosity, there is nothing in existence that compares with "Uncle Tom's Cabin." It is an uncut diamond, a roughly fashioned masterpiece of dramatic art. We brave the critics to call it the Great American Play.

HIGH AND PONTIUS DELIVER ADDRESSES

Good Crowd Attends Community Meeting—Fred High Tells Sin of Comparative Prices—Rev. Pontius Describes City Assets.

HIGH SPEARS TODAY.
10:00 a. m. Illinois Woman's college.
1:00 p. m. Jacksonville State hospital.
7:45 p. m. Concord.
8:34 p. m. Chapin.

A good audience, considering the unfavorable weather, was present last evening to hear Rev. M. L. Pontius and Fred High in the opening meeting of the community co-operative campaign. J. H. Dial presided and introduced Mayor E. E. Crabtree, who delivered a brief address on the co-operative plan, showing how it means progress and prosperity to a community or any group of individuals.

W. A. Berryman led the audience in a number of songs. The musical program for the evening was furnished by the Illinois Conservatory of Music. Piano numbers were given by Miss Clara Smith. Miss Ruth Melba Armstrong gave two vocal solos, "Dawn" and "Lindy Lou." Lyndell Conboy, accompanied by Prof. Kritch gave two violin selections.

Following the musical program, Mayor Crabtree introduced Rev. M. L. Pontius, who spoke on the topic, "Assets of a Community." The speaker showed that the main assets of a community do not consist in the number of its inhabitants, the size or importance of its churches, the beauty of its public buildings, the abundance of its revenue, or the strength of its business enterprises.

The one great asset of a city or community is the character of its citizens. Manhood is the most important asset. A legend tells that a great gulf once opened in Rome, and although the people poured into it their gold, their grain and their most valuable possessions, yet the great gulf cried for more. At last a Roman youth leaped into the chasm and it closed. The manhood of Rome was her most precious sacrifice. It is so in Jacksonville. The great chasm of human selfishness in this city is open; and we have tried to fill it with our culture, our gold, our education. It is now high time that the manhood of the community, in the shape of real community service, were thrown into the chasm.

Another asset of the city is brotherhood. This is manhood of individuals wrought together and working in harmony. The two great hindrances to brotherhood are selfishness and distrust. We are all the time wondering what we are going to get out of something. We distrust a live aggressive Chamber of Commerce; we place a mayor and a city council in positions where they must assume responsibility, and then give them only our distrust. We should suspend judgment until facts are known.

The speaker affirmed that the third asset of a community is fatherhood, the fatherhood of God. He drew a glowing picture of the Jacksonville of the future, filled with citizens of honor and integrity. He made an earnest plea for men to express the real virtue of citizenship and brotherhood in their lives in the community service.

Mr. Crabtree next introduced Fred High, who made a general address along lines of community service. He pointed out the injurious effects of propaganda which meant to tear business away from the local business men and thus break up community spirit. He exhibited a number of ads, which he declared were spreaders of discontent and ill feeling on account of the falseness of their comparative prices.

The writer has a number of ads taken from various papers of recent issue. Here is an item taken from one of these ads: "Government wool underwear, 12 1/2 cents a suit—cost the government \$4 a garment." Uncle Sam was stolen deaf, dumb and blind during the war. But that fact isn't half as retarding to a return to peace and understanding as the constant retailing and repeating to the public the details of the war time profiteers.

Mr. High closed his address with a plea to the citizens to aid him in gathering facts about Jacksonville and Morgan county to be published in a booklet, which he will distribute broadest over the county. He showed the value of advertising the real advantage of the community and urged the people to secure the booklets and help distribute them.

E. R. CARTER DIED MONDAY NIGHT

Well Known Resident of the County Passed Away as Result of Heart Disease.

The death of Emory R. Carter occurred at 9:55 Monday night at his home, 279 Sandusky street. Mr. Carter had been seriously ill for more than a week past but in recent days had shown some improvement. However, a change for the worse was noted Monday and the end came within a few hours. An affection of the heart was the cause of death.

The deceased was born May 31, 1857, at the family home five miles northwest of Jacksonville. Mr. Carter engaged in farming and lived in the neighborhood where he was born until a few years ago, when his place of residence was changed to Jacksonville.

The deceased was a member of Mt. Zion M. E. church, a man who had high ideals of life. He was unassuming in his ways but followed unwaveringly on the path of duty and had through the years a reputation of strict integrity.

Mr. Carter is survived by his wife and two sons, Fred A. Carter of this county and Dr. C. E. Carter of Oxford.

The remains were taken to the funeral parlors of Arthur G. Cody and prepared for burial. The arrangements for the funeral have not yet been made.

FUNERALS

Birdsell
Funeral services for the late Peter Dorison Birdsell were held at Ebenezer church Sunday afternoon at 3 o'clock in charge of the Rev. J. O. Kirkpatrick, of White Hall, who was for a long time the minister of Ebenezer. An overflowing crowd attended the services.

Musical was furnished by Mrs. Clyde Black, Mrs. Ella Blackburn, Ernest Walters, and Charles Rowe, with Mrs. Fletcher Blackburn at the piano.

Those in charge of flowers were Mrs. W. W. Henderson, Mrs. C. S. Black, Mrs. Emma Cully and Mrs. Maude Shibe.

The pallbearers were W. W. Henderson, Thomas Barber, Willard Barber, James Martin, Theodore Martin and Edward Shibe. The undertaker in charge of arrangements was W. H. Neese of Scottville, an old friend of the deceased.

Interment was in Ebenezer cemetery.

Telephone Talk No. 17

"Do not hang up the receiver when you get the wrong number!"

These are some of the causes for WRONG NUMBERS, the blame for which rests partly on the Telephone User and partly on the Telephone Company: A subscriber may speak indistinctly; He may trust his memory when calling a number; The private exchange operator, who has other duties to perform while watching the switchboard, may be at fault; The figures in the number may be unconsciously transposed by the subscriber; Not infrequently the subscriber in his haste does not pay proper attention to the exchange prefix, and a wrong number results.

When you get the wrong number: DO NOT HANG UP THE RECEIVER; Move the hook up and down SLOWLY; When the operator answers, tells her she has given you the wrong number and again give her the number wanted and she will try to complete the connection.

By getting the operator and explaining the mistake, you protect yourself from an overcharge, as she will not register a message on the meter on the switchboard until your connection has been correctly established.

A week—or more—Yellowstone Park!

"Go In Gardiner Gateway, Out Cody"

Another week, or more, in Colorado! Can you imagine a more wonderful vacation?

The motor-trip through Yellowstone Park can be made in 4½ days, but you should stay longer. Some people remain a month. Nowhere else, they say, can they pass time so happily. The cool, pine-scented air, the fishing, the extraordinarily varied scenery, the delightful social life—these are attractions which draw tens of thousands annually to this enchanted land. The standard Park tour costs \$54 if you stay at the hotels; \$45, at the camps.

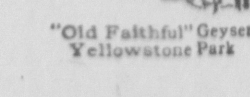

Colorado—only 26 hours distant—is as satisfying in its way, as Yellowstone Park. Rocky Mountain (Estes) Park—a summer paradise—is but a few hours distant from Denver. So is Colorado Springs, nestling at the foot of Pike's Peak. The round trip to and thro the "Royal Gorge" can be made in a day from Denver or Colorado Springs.

\$56.50 from Jacksonville to Yellowstone Park

now offered by the Northern Pacific make it possible for many thousands to visit Yellowstone Park, who otherwise might feel that the trip is too expensive.

I want to send you a Yellowstone Park book and tell you about a Vacation in Wonderland. Ask for booklet "R".

ANOTHER JACKSONVILLE CASE
It Proves That There's a Way Out for Many Suffering Jacksonville Folks.

Just another report of a case in Jacksonville. Another typical case. Kidney ailments relieved in Jacksonville with Doan's Kidney Pills.

Harry Franz, painter, 410 N. Fayette St., Jacksonville, says: "I had a bearing-down pain through my back and every time I caught cold, it made the trouble worse. I suppose it was the turpentine in the paints that first disordered my kidneys. When I bent over, I had such a sharp pain across my kidneys I could hardly straighten. My kidneys acted too freely and the secretions contained a reddish brick-dust. I got Doan's Kidney Pills at Armstrong's Drug Store and used them. They surely relieved my trouble and although I have tried lots of other remedies, I have never found any as good as Doan's."

THE STORY OF AN AUTOMOBILE
Free Motion Picture to be Shown at Studebaker Garage Tuesday and Wednesday nights.

"The story of the Automobile" is a moving picture, to be shown free of charge at the Studebaker sales room, 305 South Main street, Tuesday and Wednesday nights, 7:30 and 9:30. The picture is a story of human interest, machines representing the last word in manufacturing efficiency, perform spectacular operations of almost every conceivable description.

Red hot steel is forged into axle shafts by a few blows from gigantic steam hammers. Molten metal is cast into intricate designs. Bars of steel are cut by a huge knife as if they were paper. And specimen propeller shafts are twisted until they break to be sure that they are capable of withstanding a strain far beyond anything the most excessive road use would demand.

This film was produced under the direction of the United States department of commerce in cooperation with the Studebaker corporation and will be shown in all parts of the world. It was photographed in the new \$20,000, 600 Studebaker plant at South Bend, Ind.

The story is told in an inspiring and simple way and shows, in an intensely interesting manner, the many operations used in the building of an automobile. The picture follows the assembly line with units added in logical order, each unit being traced through its manufacture before the next is applied. This motion picture is even more interesting than a trip thru the factory because many details which escape the eyes are caught by the camera.

Thru the courtesy of E. W. Brown, Jr., Studebaker dealer this picture has been obtained for a showing in this city. No admission will be charged.—Adv.

BACK FOR MORE DEVELOPMENT WORK
P. C. Irwin and C. C. Pease are here from Iowa, Kan., and will now spend several weeks at least in the Morgan county gas field.

Mr. Irwin is the owner of the well on the Harris farm northeast of Jacksonville and Mr. Pease who is associated with him, is a trained geologist.

Mr. Irwin left here several weeks ago because of some developments in gas properties he owns in Allen county, Kan., and his business has kept him in the west since that time.

A new rig of modern type is to come soon from Kansas and additional wells will be put down on locations that Mr. Pease will choose. Both Mr. Irwin and Mr. Pease are well satisfied with the development up to this time and are very confident that the field is of such extent as to make it of large commercial value.

The Glory of my hair—How I got it

By Edna Wallace Hopper

My youthful beauty is the talk of the country, because of my grand old age. I have been 32 years a stage star, yet I look like a girl of 19.

My hair is my greatest glory. It is thick, silky, lustrous, and it grows finer every year. Gray hair, falling hair and dandruff are troubles I never knew.

Many years ago my mother took me to France, to search for the greatest hair help known to science. We found it and used it. Mother died at 57 with hair like mine today. And my hair is much more beautiful than 30 years ago.

I have supplied the same formula to many of my friends. They secured like results. Their hair, like mine, is the marvel of all who see it.

So I believe that any person, in my way, can multiply the beauty of the hair, and keep it young and healthy. Now I am sharing with all who wish it the matchless help I found.

Like a Garden
Those experts told me that the hair is like a garden. An oil called Sebum hardens there and stifles the hair roots. Dandruff attacks the scalp. Then the choked hair roots deteriorate or perish.

The pigment which gives hair its color is stifled in like way.

Edna Wallace Hopper's Hair Youth sells everywhere at 50c and \$1.00, with eye-dropper. Also my Facial Youth—my famous liquid cleanser. Also my Youth Cream—my fruit cold cream. Also my White Youth Clay. My Beauty Book comes with each.

Please learn what Hair Youth means to you. If the first bottle fails to satisfy, your dealer will return the price.

GREAT PICTURE NOW AT THE MAJESTIC

Manager Luttrell Is Showing "Hunting Big Game in Africa"—A Thrilling Spectacle—Here Today and Wednesday

"Hunting Big Game in Africa" is the name of the great picture now being shown at Luttrell's Majestic theatre. This picture thrilled New York and ran for three months at the Lyric theatre there.

The Majestic audiences Monday were immensely interested as they saw in this great picture two years of adventure weaved into two hours of entertainment. It will continue on view today and Wednesday.

Carl Laemmle presents this thrilling spectacle which has rightfully been designated as the most wonderful picture brought to the screen from the jungles of Africa. There are thrills galore and ferocious animals are shown in their wildest haunts. Camera men dauntlessly faced danger in order to make these films. You will wonder at their courage and after you see the picture you will realize at how great a cost it was secured.

Here is part of the great story: Two Yankee hunters, H. A. and Sidney Snow, whose previous efforts had been limited to California's wilds, set out from San Francisco on an expedition to conquer Africa, the one with his gun, the other with his camera. Not massacre, nor cruelty was their purpose; rather, to enrich science by bringing back faunal treasures for the Oakland (Cal.) Museum of Natural History.

In thirty months these men experienced thrills, adventure, romance and comedy such as have never been paralleled in the experience of the world's greatest. They poked their cameras where they could see the whites of the beasts' eyes; Henry's rifle always spoke in season to save Sidney's life, and that intrepid boy produced wondrous clear, detailed and continuous photography of the Dark Continent's monsters, fascinations and perils—something that reputations high as Rainsford, Roosevelt, Akeley, Barnes, Keston and others had been unable to accomplish.

It is a wonderful running story in pictures whether you care about wild animals or care about Africa or not. The thrill of conquest, the romance of the unknown, the adventure in the Elephant Crater, the ludicrous Fliv-Hunt of the Plains, and the sentimental comedy that centers around jungle domestic life and Mother Baboon love—these are but a few of the high lights of "Hunting Big Game in Africa." Most of the traveling done thru-out the less known districts is by means of old elephant trails, paths of about 6 or 7 feet width, on heavy boulders.

Negotiating these boulders was no joke with two Ford cars loaded down with all the requisites of a photographic and hunting expedition, as well as with thousands of pounds of skins of animals, skeletons and other collections. It was even worse when it came to rivers, the entire engine being under water while the car was being dragged across by natives and almost as bad when it came to crossing sandy river beds on which palm avenues had to be improvised.

"PEACE PIPE" WAS SACRED

American Indians Attached Immense Importance to Ceremony Accompanying Its Smoking.

The smoking of the "Pipe of Peace" among the American Indians was a ceremony attended with great solemnity. The pipe, called by the French the calumet, was treated with great reverence and was brought out only upon the most important occasions, such as the making of peace treaties, the reception of a distinguished stranger with whom the tribe wished to be upon good terms. If the occasion did not bring forth the pipe of peace, it was a sign of hostility. To refuse to smoke it when offered was a cause of offense. The calumet was between two and three inches long, and the stem rather than the bowl was the object of the Indian's reverence. The stem was of reed, artistically decorated with women's hair or eagle's quills. Among the western tribes the pipe bowl was of red catlinite, a fine-grained stone of deep red color found in Coteau des Prairies, west of Big Stone lake, in South Dakota. The Indians of the South and East made the bowl of white stone pierced with several holes so that several stems could be used at the same time. The calumet quarries were regarded as neutral ground among the warring tribes and there were many sacred traditions connected with these spots.

MORE HINTS ABOUT MEN

It Would Seem That Writer Has Given Pretty Thorough Consideration to the Subject.

"There never was a man too near-sighted to see the look of admiration in a pretty woman's eyes." "A good woman inspires a man, a brilliant woman fascinates him—but the considerate woman gets him."

"When it comes to making love a girl can always listen so much faster than a man can talk."

"Love, the quest; marriage, the conquest; divorce, the inequest."

"Most marriages, nowadays, seem built for speed rather than for endurance."

"There are only two kinds of perfectly faithful men—the dead and the dead."

"One reason why a man's life is so much fuller than a woman's is because he spends nearly three-quarters of it in hunting up things for a woman to do."

"A widow's chief consolation in remarrying is probably that she finds it less exhausting to sit up and wait for one man to come home evenings, than to sit up and wait for a lot of them to go home."—From "A Guide to Men," by Helen Rowland.

Famous Chinese Tombs.

The famous Ming tombs are located near Nanjing, China. On the road that leads to them from Nanjing are colossal figures of carved stone. These are statues of Chinese kings. The Mongols under Genghis Khan's successor swept across Asia and Russia and overran Hungary. He defeated the Germans and Poles in 1241. But the Mongols were beaten by Egypt in 1260. After that their power waned, and China was able to throw off the Mongol yoke in 1369, when she established a rule of native kings—the great Ming dynasty. Under the Ming, China flourished until 1644. Then the Manchus, another Mongol people, reconquered China, and remained masters until 1912.

There is a fence built around these statues, because the Chinese believe that the statues would be very mad if a common Chinaman were to touch them.

Ancients Know of Asbestos.

It is said that the ancient Greeks and Romans were aware of the fire-proof properties of asbestos and made use of it in burying their kings. During the height of the Roman empire native kings and members of the nobility wore asbestos cloaks. According to an old legend, Charlemagne had his cloak and table covers made from this mineral, and mystified his guests by throwing the strange fabric on a fire and then withdrawing it undamaged.

Marco Polo, in 1250 A. D., visited the Great Khan of Tartary and found a fire-proof material being manufactured from what he believed was the skin of the salamander—an animal popularly supposed to be immune from fire. It has been established that it was really asbestos fabric.

Origin of the Ring.

In the course of a lecture on "Precious Stones," Professor Gordon said that early jewelry did not seem to have been set in rings. One of the earliest examples of the use of rings in statuary was in the statues of Prometheus, who, when released from bondage on the intervention of Venus, wore a ring with a small piece of the Caucasus in it to show that he was still chained to the Caucasus. The idea of a ring being a sign of bondage has continued since those days.

Bishops and doctors wore rings by right because they had signed away their independence in order to benefit mankind.

Advice.
"Doctor, I'm all run down," wailed the hypochondriac. "You must do something for me." "Certainly," replied the physician. "I suggest that you buy a car and run other people down."

WRANGLE'S FLEET

TO BE SOLD

Marseilles—A melancholy reminder of the numerous campaigns against the Soviet armies of Russia, has drifted into Marseilles in the form of the auxiliary war fleet of General Wrangle, whose military offensive against the Red armies collapsed in the Crimea.

General Wrangle once possessed a rather imposing fleet, but last December the remnants composed of 12 tug boats and several steamers, sailed from Odessa and have just arrived here either to be sold or broken up.

Sound Assurance of Value

Two pieces of furniture set side by side may to all exterior appearances seem to be exactly alike. The finish appears the same. But there can be a very big difference—in the quality of them. Only by the service they give can you tell. After a short time one begins to crack and peel and warp; the other will serve for years without showing a sign of depreciation. One is so-called "bargain furniture!" the other is high grade. The only way to be sure of getting the high grade is to deal with a house that respects the confidence of its customers. The years of satisfactory service given by this store is sound assurance of value. Below are examples worthy of your consideration.

DEATHS

Dresbach

Dr. H. V. Dresbach from Maysville, Okla., arrived in the city Friday, May 11th, bringing with him the body of his father, W. O. Dresbach. The remains were buried in Diamond Grove cemetery Saturday at 2:30 p. m. While in the city he was the guest of Mr. and Mrs. W. H. Kinner. W. O. Dresbach was a former resident of Jacksonville, leaving here in 1882. His wife who passed away in Kansas City in 1895 was a sister of Mrs. Kinner.

Gibson

James W. Gibson a long time resident of the county died at his home, 230 East Greenwood avenue South Jacksonville at 2:30 o'clock Friday afternoon. He had been in failing health for a long period.

Decedent was born in Youngblood Prairie 65 years ago and all his life had been spent in the county. For a period of thirty years he followed the occupation of farming near Murrayville. Four years ago he retired from active work and removed to South Jacksonville.

His widow and one daughter, Mrs. Ivalou Hart of Murrayville survive. One child preceded him in death.

Mr. Gibson was a member of the church of Our Saviour and was a man highly regarded by all who knew him. Funeral arrangements will be announced later.

Murphy

Miss Philomena C. Murphy, daughter of Mr. and Mrs. Timothy Murphy, died at her home near Murrayville at 4 o'clock Sunday afternoon. She was 21 years of age and had been ill for a long period.

The deceased is survived by her parents, two sisters, Miss Mary Murphy at home, and Sister M. DeLourdes of Aurora, and two brothers, Eugene and Timothy Murphy. Funeral services will be held at 9 o'clock this morning from St. Bartholomew's church in Murrayville, with interment in the Catholic cemetery.

O'Neil

The remains of Mrs. Catherine O'Neil, a former resident of this city, arrived last night from Maywood, Ill., where she died Saturday, and were taken to the O'Donnell undertaking parlors. This morning the body will be taken to Winchester where services will be held in St. Mark's Catholic church.

The deceased is survived by one daughter, Catherine O'Neil, and three sons, John and Timothy of Maywood, and William O'Neil of Springfield. Her husband died ten years ago while the family resided in this city. She was a resident of Winchester many years.

Filson

John Filson, a lifelong resident of Morgan county, passed away at his home near Concord at 6 o'clock Monday evening. He was born July 26, 1837 near Markham, and has spent his entire life in the county, where he followed the occupation of farming.

Mr. Filson is survived by his widow, one daughter, Mrs. Glen E. Caldwell of Chicago, and two sons, Glen and Roy Filson. He also leaves one brother, Robert Filson of Hopkins, Mo.

The deceased was a veteran of the Civil War, serving with the 101st Illinois Volunteers. Funeral services will be announced later.

COLORED PEOPLE MET HERE SUNDAY

Large Number of Visitors Attended Elaborate Ceremonies of Grand Odd Fellows Lodge—Band Has Heavy Part in Program.

Jacksonville entertained more than eight-hundred colored members of the Grand United Order of Odd Fellows and their friends Sunday, the exercises continuing thru the whole day. About five hundred came by special train on the Wabash from the east, and a great many more came via auto from Quincy, Springfield, Peoria and Decatur.

The occasion was the annual Thanksgiving service and sermon and was given under the auspices of Fame Lodge No. 2206, Excelsior Lodge No. 9354, and Households of Ruth Nos. 291 and 4919.

The visitors were first entertained at dinner at Mt. Emory Baptist church, at a table seating one hundred at a time, and at 2:30 o'clock a parade was formed which moved from the opera house west to Kosciusko street on State street, south to College avenue, east to Main street and north to the starting point. The parade was formed with two bands, the Cherry Lodge band and the Twelfth Regiment band, both of Springfield, and the various lodges. W. W. Fields, vice grand of Excelsior Lodge was marshal of the parade, and David Short, noble grand of the same lodge, was master of ceremonies.

After the playing of several selections by the bands in front of the opera house, the crowd filed inside, filling the house to overflowing, to listen to the sermon delivered by the Reverend Dr. R. S. Manuel of the Fourteenth Street Baptist church of Springfield. The scripture lesson was read by Rev. W. H. Snowden, pastor of Mt. Emory church, and Rev. Bradon of Decatur offered the prayer. Solos were sung by Miss Lucille Ray and Miss Lillian Oliver, and music was also furnished during the afternoon by the choirs of two local churches and by the bands.

At eight o'clock Sunday evening a musical program was given in the opera house by the

bands, the Bolden children of the juvenile department of Springfield rendered a violin duet, a Cherry Lodge quartet gave several selections, and Mrs. Mitchell sang "A Perfect Day." Another solo was given by Miss Oliver, and a group of songs was rendered by Madame Walker of St. Louis.

The visitors returned home about 10:30 o'clock, all declaring that Jacksonville leads the world for a place of entertainment, and feeling very thankful to the police and the people of this city for the assistance rendered in making the meeting a grand success.

HIGH SCHOOL ANNUAL WILL APPEAR TODAY

Crimson J, The Thirteenth is Very Attractive Volume—Is Dedicated to Miss Leonhard, Class Officer of 1923.

The Crimson J, the Jacksonville high school annual, will be issued today and its appearance is awaited with interest by the high school seniors and others interested in the high school. The Crimson J for 1923 is especially pretentious in art and is a larger book than has been issued in some previous years. All the photography and printing was done in Jacksonville this year and the book is a credit to the senior class and the high school.

As a frontpiece of the volume there is a photograph of Miss Leonhard, the class officer, with these dedicatory sentences: "To Emma Mae Leonhard, who thru our four years of high school life has been our counsellor and friend, ever spurring us on to higher goals, as a token of our gratitude and appreciation we, the class of 1923, dedicate this, the 13th volume of Crimson J."

The staff of Crimson J included Lavinia Scott, editor, Caroline Doane, assistant editor, Harold Hunter, business manager, George Wezel, assistant business manager, Ernest Hoagland, art editor, Helen Walton, literary editor, Dorothy Cully organization editor, Earl Hoover, joke editor, Elsie Cannon, typist, Russell Deatherage, snap shot editor, John Putnam, athletic editor, Ruth Staff, subscription manager.

A Laxative Food that is delicious

YOU never knew before how truly delicious a breakfast of real bran food can be. Post's Bran Flakes with Other Parts of Wheat is altogether new and not a bit like the ordinary bran you may have persuaded yourself to eat in the past.

These new flakes are made by a special process, which retains with the bran other valuable parts of the wheat berry, and are crisp-cooked and appetizing. They contain the nourishing qualities of the wheat, its carbohydrates, proteins and mineral elements, plus "Nature's way" of wheat bran to induce regular habits. Post's Bran Flakes are non-irritating to any part of the digestive tract.

Happily the special process preserves practically the full vitamin content of the wheat.

The Postum Cereal Company studied and experimented for four years to find how to give you this most valuable hygienic factor, bran, in the most palatable and health promoting form.

Post's Bran Flakes is the result of those years of careful study by the Company whose name is synonymous with pure food the world over.

No chokey feeling when you swallow these delicate flakes. You don't have to try to swallow them, either, the way you do ordinary bran products.

Try them with cream or milk as your breakfast cereal tomorrow, and regularly for some days—then note the welcome difference in your regularity.

A generous package for 15 cents

Are You in Need of a Tonic?

Health is Wealth. You Cannot Afford to Overlook a Word of This Letter

Champaign, Ill.—Twenty years ago I was in a terrible condition with malarial fever, I doctored but did not improve until I was given Dr. Pierce's Golden Medical Discovery and immediately I commenced to improve. Several bottles rid my system so completely of the malaria that I have never been subject to it since. Learning as I did in my younger years the real benefits of Dr. Pierce's remedies, I have used them in my home whenever any member of the family has been ailing. My daughters, while developing into womanhood, have taken Dr. Pierce's Golden Medical Discovery or blood purifier. I have recommended these remedies enthusiastically for over twenty years and have never had occasion to regret it. Mrs. Julia Whipple, 719 S. Neil St.

All druggists sell these medicines of Dr. Pierce's in tablets or liquid. Send 10 cents to Dr. Pierce, Pres., Invalids' Hotel in Buffalo, N. Y., for a trial pkg. of any of his medicines. (adv.)

A New Kind of Comfort

Your feet were made to be comfortable—to carry you through long, busy days without fatigue or pain. They are constructed like wonderful cantilever springs and should be allowed to flex and exercise with every step you take.

Consideration for the shape and action of the foot is shown in the Cantilever Flexible Arch Shoe.

Natural lines give the toes room as well as comfort. Low or medium heels allow your body to assume a healthful posture. The flexible shank curves up to give the arch of your foot gentle support while permitting it to function normally.

Cantilevers are made of splendid materials on trim lines. Their neatly rounded toes and low, medium or Cuban heels are in accord with the dictates of Fashion.

It's a healthful habit to wear Cantilevers.

A flexible shoe for your flexible foot.

FRANKLIN FUNERAL LARGELY ATTENDED

Remains of the late John Ben Burch laid to rest Sunday afternoon in Franklin Cemetery.

The funeral of the late John Ben Burch was held at 3:30 o'clock Sunday afternoon from the Franklin M. E. church, and was one of the largest funerals ever held in Franklin. The deceased had lived in that community his entire life and was one of the most prominent residents there.

The services were conducted by Rev. H. A. Sherman, pastor of the church, who in the course of his remarks paid a high tribute to the life and character of the deceased.

Music was furnished by a quartet including Mrs. William Douglas, Mrs. Katherine Seymour, Ed P. Seymour and Wilbur Seymour, with Mrs. William C. Calhoun at the organ.

Mrs. William Douglas sang in a beautiful manner "Home of the Soul," and the quartet numbers were "Beautiful Isle of Somewhere," and "Nearer My Home." The floral tributes were beautiful and in a great profusion, showing the esteem in which the deceased was held by many. The flowers were in charge of Mrs. Edgar Eador, Mrs. Louis Massey, Mrs. Newton Wood, Miss Mary Douglas and Miss Virginia Gray.

Following the services at the church the cortege moved to Franklin cemetery, where burial was made. The active bearers were O. F. Buße, C. W. Olinier, W. T. Dodsworth, G. J. Dowell, W. C. Calhoun, G. T. Boulware, George W. Tribble and T. L. Foster.

The honorary bearers were H. M. Telpin, Henry Wright, Thomas Miller, Lee A. Caldwell, Alex. H. Wright and W. L. Clayton.

The next event of the day will be the big parade which will move promptly at 2 o'clock. The formation, and line of march are given herewith:

Platoon of police.
Band.
Standard bearers.
Father Forman and trustees of the church in automobiles.
Children of the Parochial schools.

Students of Rount college.
Women of Our Saviour's parish.
Band.
Visiting clergy.
Men of Our Saviour's parish.

The line of march will be west on East State street to the public square around the north side to West State street and thence west to Church street; north on Church street to Court street, west to Fayette street, south on Fayette to West State street, east on State street to the square, around the south side of the square to East State street, thence east past the reviewing stand which will be erected at the parochial residence.

There Father Forman and guests will review the parade which will disband at Hardin avenue. The marshal of the parade will be John N. Kennedy with aides J. W. Morrison, Edward Lomagan, John M. Carroll, John H. O'Donnell, D. E. Sweeney and Edward E. Cain.

One of the main features of the jubilee celebration is the banquet which will be held in the Auto Inn this evening at 7 o'clock. This probably will be one of the largest, if not the largest banquet in the history of the city.

Edward A. Brennan, chairman of the banquet committee stated last night that he expected 600 guests and that the number might run as high as 700. The banquet will be served by the Ladies' Aid of the Church of Our Savior and plans have been made to take care of all who attend. Following the banquet will come the program of toasts.

For several days past the decorating committee under the direction of Joseph H. Mallen, chairman, has been at work with decorations for the event. The Grand Opera house where the Wednesday night's open meeting will be held, and the Auto Inn have been transformed with flags and bannery and will present a beautiful appearance to those who attend the banquet and the open meeting.

Already many visitors have arrived for the two days' jubilee and are being entertained by the various committees in charge. The executive committee will have headquarters at the Knights of Columbus home in East State street. The Knights will keep open house to visitors during today and tomorrow.

The appeal case of William Rook vs. C. & A. railroad Co., was dismissed by the plaintiff at his cost.

The attachment suit of the first State Bank of Scottsville vs. L. C. Hicks was dismissed according to terms of the stipulation now on file.

In the attachment suit of William Hauser vs. Home Insurance Co. of New York, leave was given the defendant until May 19 to plead.

The assumpsit suit of Harvey Green vs. Lee Rexroat was dismissed by the plaintiff at his cost.

In the action of Sarah Dewese vs. S. N. Dewese, default of the defendant was noted.

The assumpsit suit of William Braker vs. George Wackerle was dismissed by the plaintiff at his cost.

In the assumpsit suit of W. J. Edelbrock vs. Alva Rexroat, the defendant was given until May 19 to plead.

The suit of Eva G. Abernathy vs. Hattie C. Graham was continued to service.

The trespass suit of Henry T. McLaughlin vs. John W. Robertson, was dismissed by the plaintiff in accordance with the stipulation filed.

In the assumpsit suit of Harris Bros. vs. Edward Goldstein, plaintiff was given until June 1 to file cost bond.

In the assumpsit suit of Runsey & Co. vs. G. U. Mason, continuance was allowed on motion of the defendant for want of declaration, and at the cost of the plaintiff.

The regular report of the trustees was filed in the chancery proceedings of John C. Goltz vs. Marcus Hook.

The term report of Master in Chancery Henry W. English was filed and approved.

The trustee's report was approved in the estate of James Wood.

The separate maintenance suit of Mary E. Jeffers vs. John Jeffers was dismissed at the cost of the complainant.

In the foreclosure proceedings of Anna Lohman vs. Timothy O'Connell, redemption of the property was reported and provision made for the payment of the trustee and other costs.

In the bill of Charles A. Myers et al vs. John S. Green et al, the master's report was approved and objections of John S. Green noted.

In the partition proceedings of George Cox et al vs. Ruth Cox, the master's report was approved and distribution ordered.

In the partition proceedings of Robert Blue vs. Bert Gorham, et al., the master's report was approved and distribution ordered.

Similar orders were made in the partition suit of C. O. Bayha et al vs. Frank M. Eyre; Mary J. Haasner et al vs. Frances E. Gaddis; Mary Sturdy et al vs. Clyde Sturdy; Harriet Coffman et al vs. George H. Coffman, all for partition.

In the separate proceedings of Daisy McKee, the report of the commissioners was approved.

In the bill of George M. Hart vs. Mabel Hart, brought to annul marriage, leave was given the complainant to amend his bill.

In the bill of James Finch, executor, vs. Joseph Rolando, brought to construe will, answer of T. T. Simpson was noted and default entered against other defendants.

In the bill of Nellie F. Loar vs. Sarah M. Loar, brought to quiet title, a default of the defendants was noted.

In the partition suit of Beulah L. Cunningham vs. W. C. Lurion et al, M. T. Layman was appointed guardian ad litem for minor defendants.

WILL SECURE \$25,000 FOR PATRIOTIC FETE

Committee to Start Campaign Thursday Morning—New Building Is Extensive and Contains Many Rooms—3,000 War Vets to Be Here

Two thousand five hundred dollars must be raised by citizens of Jacksonville, in order that the dedication of the new soldiers' building and the annual convention of the Spanish War Veterans of Illinois may be fittingly staged here on June 4, 15 and 16. Three thousand Spanish War veterans from all over the state will be here during the three days. Five battalions of state troops will be encamped in the city. Five bands, including the musical organizations from the Jacksonville State hospital, the Pontiac State Reformatory, and the Orphans' Home at Lincoln, will furnish music for the occasion. In fact the three day celebration is announced as the greatest patriotic jubilee celebration that has ever taken place in Illinois.

The soldiers' building, which is to be dedicated on June 15, has been erected at a cost of \$150,000. The distance around the outside of the building is 2,010 feet. The actual dimensions are 300 by 175 feet. A six-foot sidewalk has been built entirely around the building, with branches running in to five major and five minor concrete porches. The building contains:

Six sleeping dormitories, two

dining rooms, three day rooms, three bathrooms, with tubs and showers. Each tub is equipped with an automatic safety valve control. Four utility rooms, coat rooms, three dressing rooms, two linen or clothes rooms, one serving room, and a complete system of draining fountains, with nine tubs inside and two outside the building.

Chairman H. J. Rodgers of the finance committee appointed to raise the funds for the big celebration, has called a meeting of the sixty business men on the committee for next Thursday morning at 9 o'clock. After brief instructions, the men will go out to raise the money by solicitation. New district chairman of the committee, who have been appointed to fill vacancies, are J. W. Lane and C. M. Strawn.

HOUSEHOLD SCIENCE CLUB TO MEET TODAY

Mrs. E. P. Cleary and Mrs. L. O. Vaughn to be Hostesses at Final Meeting of Club Year This Afternoon.

The final meeting of the club year for the Household Science club will be held this afternoon at the home of Mrs. E. P. Cleary on Sandusky street, with Mrs. L. O. Vaughn as the assistant hostess. The year books for 1923-24 are to be given out at this meeting and it is hoped that there will be a large attendance of the members.

The program will include a paper by Mrs. W. O. Wait, the theme of which will be "Red Charity." Mrs. A. T. Capps has been asked to lead in the discussion of "Hobbies—Worth While," and it is expected that several of the members will have part in this discussion. The usual social hour will follow the program.

Mrs. Cleary and Mrs. Vaughn, who are to be the hostesses at today's meeting, are associate members of the club.
